Sensors Receives RDE Package 4 Validation

TÜV SÜD Czech confirms conformity of latest SENSORTech-CT software release

SALINE, Mich. – May 9, 2019 – Sensors, Inc. has received a Statement on PEMS-software compliance from TÜV SÜD. They have completed an extensive RDE post-processing comparison involving SENSORTech-CT LDV (Package 4 v1.0.09, SEMTECHDLL Version 8.3.0.2) and TÜV SÜD Czech calculation, both developed to meet the requirements of Commission Regulation (EU) 2017/1151 as amended by Reg. (EU) 2018/1832.

“The regulatory environment is continually evolving, and Sensors works closely with customers, regulatory and testing agencies to ensure that our products comply in a timely fashion,” stated Rob Wilson, Vice President, Marketing and Sales for Sensors, Inc. “The validation by TÜV SÜD demonstrates Sensors’ continuous commitment to providing its customers products that meet the latest global standards.”

Sensors, Inc. is pleased to employ TÜV SÜD as its validation partner. TÜV SÜD Czech is a global network of testing laboratories, accredited by the Ministry of Transport of the Czech Republic according to standard ISO 17025:2017.
